TEMPORARY INSTALLATIONS & SPECIAL EFFECTS

Backdrops / Scenery / Props: Scenery, borders, drapery, gauzes, cloths, curtains, and similar decorative hangings must be made of materials that are not readily flammable or are a material which has been rendered and is maintained flame-retardant.

Smoke / Haze / Special Effects: Smoke and haze can be used in the Live Room with prior arrangement, as the fire system will need to be isolated.

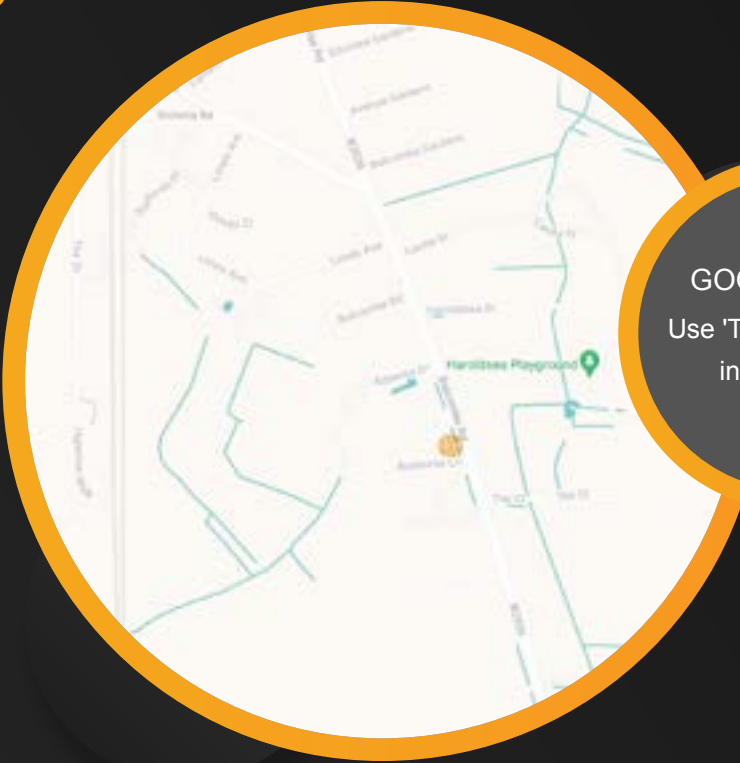

Pyrotechnics and Real Flame: Pyrotechnics and any systems involving real flame or fire are **not** permitted in The Hive Rooms.

RIGGING BARS

Bar 1: Upstage, full length of back wall. 3-Point truss. Floor-to-ceiling height 2.9m.

Bar 2: Downstage from back wall at 3.9m which. 3-Point truss 80kg SWL

Bar 3: In front of the downstage truss, the ceiling height reduces to 2.6m. This truss supports the venue's lighting rig but can be used for light to medium rigging (Max load: 100kg per bar).
